INDEPENDENT AUDITOR'S REPORT

To the Members of Lava International Limited

Report on the Audit of the Consolidated Ind AS financial statements

Opinion

We have audited the accompanying consolidated Ind AS financial statements of **Lava International Limited** ("the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its trust, associate and a joint venture comprising of the consolidated balance sheet as at March 31, 2023, the consolidated statement of Profit and Loss (including Other Comprehensive Income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate Ind AS financial statements and on the other financial information of the subsidiaries, trust, associates and joint ventures, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, its consolidated profit including other comprehensive income, consolidated changes in equity, and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 ('the Act'). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the consolidated Ind AS financial statements' section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Information

The Holding Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Holding company's Annual report, but does not include the consolidated Ind AS financial statements and our report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard

Responsibilities of Management and Those Charged with Governance for the Consolidated Ind AS financial statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated cash flows and consolidated change in equity of the Group including its associate and joint venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act read with the Companies (India Accounting Standards) Rule 2015 amended. The respective Board of Directors of the companies included in the Group including its associate and joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group including its associate and joint venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group including its associate and joint venture are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the group or to cease operations, or has no realistic alternative but to do so.

1839, SECTOR 22-B
Chandigarh-160022
Mob: 9815643637
Mob: 7889279571

The respective Board of Directors of the companies included in the Group including its associate and joint venture are also responsible for overseeing the financial reporting process of the Group including its associate and joint venture.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group, associate, and joint venture which the companies are incorporated in India has adequate internal financial controls with reference to consolidated Ind AS financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure, and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision, and performance of the audit of the Ind AS financial statements of such entities included in the consolidated Ind AS financial statements of which we are the independent auditors. For the other entities included in the consolidated Ind AS financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

- a) We did not audit the financial statements of 27 subsidiaries and 1 trust whose financial statements reflect total assets of Rs. 11,432.78 million and net assets of Rs 6,653.27 million as at March 31, 2023, total revenue of Rs. 32,795.93 million and net cash outflow amounting to Rs. 28.46 million for the year then ended on that date, as considered in the consolidated Ind AS financial statements before giving effect of elimination of intra-group transactions. The consolidated Ind AS financial statements also include the Group's share of loss (including other comprehensive loss) of Rs. 0.22 million for the year ended March 31, 2023, as considered in the consolidated Ind AS financial statements, in respect of an associate and joint venture, whose Ind AS financial statements have not been audited by us.

These financial statements have been audited by the other auditors whose reports have been furnished to us by the management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, trust, associate and joint venture, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, trust, associate and joint venture is based solely on the reports of the other auditors.

Further, of these subsidiaries, 23 subsidiaries are located outside India whose Ind AS financial statements and other financial information have been prepared in accordance with accounting

principles generally acceptable in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India.

- b) Also, we did not audit the financial statements and other financial information in respect of 8 subsidiary companies, whose financial statements reflect total assets of Rs. 93.55 million and net assets of Rs. 10.80 million as at March 31, 2023, total revenues of Rs. 9.75 million and net cash outflow amounting to Rs. 4.87 million for the year ended on that date, as considered in the consolidated Ind AS financial statements before giving effect of elimination of intra-group transactions. These financial statements and other information are unaudited and has been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiaries, and our report in term of sub-section (3) of section 143 of the Act, in so far it related to the aforesaid subsidiaries, is based solely on such unaudited financial statements and other financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion above on the consolidated Ind AS financial statements is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and these financial statements and other financial information certified by the management.

Report on Other Legal and Regulatory Requirements

1. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act; according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the consolidated Ind AS financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Holding Company, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the consolidated Ind AS financial statements.
2. Section 143(3) of the Act is not applicable to LAVA Employee Welfare Trust and companies incorporated outside India. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements and other financial information of subsidiaries referred to in the 'Other Matters' section above we report, to the extent applicable, that:

- (a) We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books, and the reports of the other auditors;
- (c) The consolidated balance sheet, the consolidated statement of profit and loss, (including other comprehensive income), the consolidated statement of changes in equity and the consolidated cash flow statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of the preparation of the consolidated Ind AS financial statements;
- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2023 taken on record by the Board of Directors of the Holding Company and the reports of the auditors of its subsidiary companies, associate and joint venture which are the companies incorporated in India, none of the directors of the Group's companies, its associate and joint venture which are companies incorporated in India is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting and operating effectiveness of such controls of the Holding Company, its subsidiary companies, associate, and joint venture which are the companies incorporated in India, refer to our separate Report in "Annexure A", and
- (g) In our opinion and according to the information and explanations given to us, the remuneration paid by the Holding Company which are the companies incorporated in India to its directors during the current year is in accordance with the provisions of Section 197 of the Act. Further, based on the auditor's report of subsidiary companies incorporated in India, no managerial remuneration is paid/provided by these subsidiary companies to their directors during the year ended March 31, 2023 and hence, reporting for the provisions of section 197 read with Schedule V to the Act is not applicable for these subsidiary companies.;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate Ind AS financial statements

Annexure - A to the Independent Auditors' Report of Even Date on the Consolidated Ind AS financial statements of the Lava International Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of The Lava International Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to consolidated Ind AS financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and joint ventures, which are companies incorporated in India, audited by other auditors.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies, associates and joint venture incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated Ind AS financial statements based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Kolkata J&K Ludhiana New Delhi Mumbai Bangalore Chennai Hyderabad Amritsar

RAJ GUPTA & CO.
Chartered Accountants
E-mail: carajguptaco@gmail.com
Website: www.carajguptaco.com

1839, SECTOR 22-B
Chandigarh-160022
Mob: 9815643637
Mob: 7889279571

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated Ind AS financial statements included obtaining an understanding of internal financial controls with reference to consolidated Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, which are incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated Ind AS financial statements.

Meaning of Internal Financial Controls with Reference to Consolidated Ind AS financial statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated Ind AS financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Ind AS financial statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, its joint ventures, and its associates which are companies incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal financial control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting, in so far as it relates to 4 subsidiaries, 1 associate and 1 joint venture which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries, associates and joint ventures incorporated in India.

1. Corporate information

Lava International Limited ('Company' or 'Holding Company') is engaged in trading and manufacturing of mobile phones, storage devices and other wireless telecommunication devices. The Company is a public company domiciled in India and is incorporated under the provisions of Companies Act applicable in India. The registered office of the Company is located in Karampura, Delhi and the principal place of business is Noida, Uttar Pradesh. The Company has an in-house research and development center and manufacturing facilities in Noida.

The consolidated financial statements for the year ended 31st March 2023 were approved and authorized for issue by the board of directors in their meeting held on 20th May 2024

2. Basis of preparation

a. Statement of compliance

The consolidated financial statements of the Company, the trust, its subsidiaries (collectively referred to as 'Group') and the Group's interest in joint ventures and associate have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended thereafter notified under section 133 of the Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

These financial statements are presented in Indian rupees, and all amounts have been rounded-off to the nearest millions upto two places of decimal, unless otherwise indicated.

b. Basis of measurement

The consolidated financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. The consolidated financial statements have been prepared on the historical cost basis except for the following items:

- Investments in equity instruments of other entities (at fair value through other comprehensive income)
- Investment in mutual funds (at fair value through profit or loss)
- Derivative financial instruments (at fair value through profit or loss)
- Plan assets under defined benefit plans (at fair value through profit or loss)
- Employee share based payments (at fair value through profit or loss)

c. Use of estimates and judgements

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates are recognized prospectively in current and future periods. Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognized in the consolidated financial statements is included in the following notes:

Significant estimates

Useful lives of depreciable/amortizable assets – Management reviews its estimate of the useful lives of depreciable/amortizable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets. Carrying amount of property, plant and equipment and intangible assets are disclosed in Note 3 and Note 4 respectively.

Defined benefit obligation (DBO) – Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may impact the DBO amount and the annual defined benefit expenses. Carrying amount of defined benefit obligations are disclosed in Note 27.

Provisions for warranties – A provision is estimated for expected warranty in respect of products sold during the year on the basis of a technical evaluation and past experience regarding failure trends of products and costs of rectification or replacement. Carrying amount of provision is disclosed in Note 11.

Significant judgments

Contingent liabilities – At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

Impairment of financial assets – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding financial assets.

Evaluation of indicators for impairment of assets – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

(d) Principles of consolidation

The consolidated financial statements comprise the financial statements of the Group and its interest in joint venture and associate as at 31 March 2023. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. The nature of the Group's information are set out in Note 37.

Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the group obtains control over the subsidiary and ceases when the group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the company gains control until the date the company ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the holding company, i.e., year ended on 31 March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation procedure:

- a. Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date
- b. Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- c. Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary
- Derecognises the carrying amount of any non-controlling interests
- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss
- Reclassifies the parent's share of components previously recognized in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

(e) Investment in associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether significant influence or joint control are similar to those

necessary to determine control over the subsidiaries.

The Group's investments in its associate and joint venture are accounted for using the equity method. Under the equity method, the investment in an associate or a joint venture is initially recognized at cost. The carrying amount of the investment is adjusted to recognise changes in the group's share of net assets of the associate or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The statement of profit and loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognized directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

If an entity's share of losses of an associate or a joint venture equals or exceeds its interest in the associate or joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the associate or joint venture), the entity discontinues recognising its share of further losses. Additional losses are recognized only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. If the associate or joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognized.

The aggregate of the Group's share of profit or loss of an associate and a joint venture is shown on the face of the consolidated statement of profit and loss.

The financial statements of the associate or joint venture are prepared for the same reporting period as the Parent Company. When necessary, adjustments are made to bring the accounting policies in line with those of the company.

After application of the equity method, the Company determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as 'Share of profit of an associate and a joint venture' in the statement of profit or loss.

Upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognized in profit or loss.

2.1 Summary of significant accounting policies

(a) Current Vs Non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

Current liabilities include current portion of non-current financial liabilities. The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

(b) Functional and Presentation Currency

The Financial Statements have been presented in Indian Rupees (INR), which is also the Company's functional currency. All Financial information presented in INR has been rounded off to the nearest millions as per the requirements of Schedule III of "the Act", unless otherwise stated.

(c) Property, plant and equipment

i. Recognition and measurement

Property, plant and equipment are stated at historical cost less accumulated depreciation and impairment losses if any. Cost directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by the management.

ii. Subsequent expenditure

Subsequent costs are capitalised on the carrying amount or recognized as a separate asset, as appropriate, only when future economic benefits associated with the item are probable to flow to the Group and cost of the item can be measured reliably. All repair and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss on the date of disposal or retirement.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under the non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work in progress'.

iii. Depreciation

Depreciation on property, plant and equipment is provided on a straight-line basis over the estimated useful lives of the assets as below

Lava International Limited
Summary of significant accounting policies and other explanatory information
For the year ended 31 March 2023

Assets	Useful Lives	As per Schedule II
Office Equipment	3-5 Years	5 Years
Furniture and fixtures*	3-5 Years	10 Years
Demonstration Fixtures*	2 Years	2 Years
Vehicles*	5 Years	10 Years
Computer and Components*	3 Years	3 Years
Plant and Machinery*		
Jigs	1 Year	1 Year
Other Plant and Machinery	5-15 Years	15,25 Years
Electrical Installations	10 Years	10 Years

*Based on technical evaluation, the management believes that the useful lives as given above best represent the period over which the management expects to use these assets. Hence the useful lives for these assets are different from useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

Leasehold Improvements are amortized over the lease term or 10 years whichever is less.

When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives.

The Group reassess and review the carrying value of the assets at each reporting date. In case carrying value is higher than the recoverable amount or the benefits arising from the assets then carrying value is impaired/depreciated to the extent of recoverable amount of benefit to be received in future.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(d) Intangible assets

i. Recognition and initial measurement

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

ii. Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

iii. Amortization

The useful lives of intangible assets is assessed as finite as stated below and the assets are amortised over their useful lives and assessed for impairment whenever there is an indication that an intangible asset may be impaired. In respect of Customer relationships and brand names are recorded at cost less accumulated amortisation and are amortised on a straight line basis over their estimated useful lives as follows

Assets	Useful Lives
Computer software (over license period)	1-5 Years
Brand	20 years
Long term customer contact	20 years
Internally generated software	3- 5Years

Goodwill arising on business combination is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests, and any previous interest held, over the fair value of net identifiable assets acquired and liabilities assumed. After initial recognition, Goodwill is tested for impairment annually and measured at cost less any accumulated impairment losses if any.

The amortization period and the amortization method are reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Research and development costs

Research costs are expensed as incurred. Development expenditure incurred on an individual project is recognized as an intangible asset when the Group can demonstrate all the following:

- The technical feasibility of completing the intangible asset so that it will be available for use or sale
- Its intention to complete the asset
- Its ability to use or sell the asset
- How the asset will generate future economic benefits
- The availability of adequate resources to complete the development and to use or sell the asset
- The ability to measure reliably the expenditure attributable to the intangible asset during development.

Following the initial recognition of the development expenditure as an asset, the cost model is applied requiring the asset to be carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized on a straight line basis over the period of expected future benefit from the related project, i.e., the estimated useful life of one to ten years. Amortization is recognized in the statement of profit and loss. During the period of development, the asset is tested for impairment annually.

(e) Leases

The Group adopted Ind AS 116 using the Modified retrospective method of adoption, with the date of initial application on 1 April 2019. The Group has recognized a lease liability on initial application (i.e. April 1, 2019) at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate at the date of initial application and right-of-use asset at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognized in the balance sheet immediately before the date of initial application.

The Group, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Group has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease. Liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset (Refer note 36).

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate.

The Group also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option (short-term leases), and lease contracts

for which the underlying asset is of low value (low-value assets).

Lessor accounting under Ind AS 116 is substantially unchanged from Ind AS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in Ind AS 17. Therefore, Ind AS 116 does not have an impact for leases where the Group is the lessor.

(f) Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used. Impairment losses, including impairment on inventories, are recognized in the consolidated statement of profit and loss.

(g) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Recognition and initial measurement

All Financial Assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

Classification and subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost
- Financial assets at fair value through other comprehensive income (FVTOCI)
- Financial assets and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Financial assets at amortised cost

A 'financial assets' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is most applicable to the Group. After initial measurement, such financial assets are subsequently measured at amortised cost using the Effective Interest Rate ("EIR") method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss. This category generally applies to trade and other receivables.

Financial assets at FVTPL

FVTPL is a residual category for financial assets. Any financial assets, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Group may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is considered only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss. This category is applicable to investments in mutual funds.

Financial assets at FVTOCI

A 'financial asset' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Financial asset included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to statement of profit and loss (P&L). Interest earned whilst holding FVTOCI financial instrument is reported as interest income using the EIR method.

Equity Investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value. All changes in fair value including dividend are recognized in the statement of profit and loss.

De-recognition

A financial asset is de-recognized only when

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortized cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b. Loan commitments which are not measured as at FVTPL

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month expected credit loss (ECL) is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

The Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. For the financial assets measured as at amortised cost, contractual revenue receivables, ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to statement of profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit and loss.

Loans and borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the EIR. Gains and losses are recognized in statement of profit and loss when the liabilities are derecognized as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit and loss.

Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortisation.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognized gains, losses (including impairment gains or losses) or interest

Offsetting financial instruments

Financial asset and financial liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(h) Derivative financial instrument

The Group uses derivative financial instruments i.e., forward and futures currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit and loss.

(i) Fair value Measurement

The Group measure its financial instruments such as derivative at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1- Quoted (Unadjusted) marked prices in the active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Group's accounting policies. For this analysis, the management or its expert verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

(j) Inventories

Inventories are valued at the lower of cost or net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials and spares: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.
- Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on weighted average basis.
- Traded goods: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in first out basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

(k) Revenue recognition

Ind AS 115 – “Revenue from Contracts with Customers” notified by MCA with effect from 1st April, 2018, vide its notification dated 28 March, 2018 which supersedes Ind AS 18 – “Revenue” and related Appendices.

Group account for revenue in accordance with Ind AS 115 “Revenue from Contracts with customers” using the modified retrospective method.

The Group has recognize revenue in accordance with Ind AS 115 by applying the following 5 steps:

- i. Identify the contracts with the customers,
- ii. Identify the separate performance obligations,
- iii. Determine the transaction price of the contract,
- iv. Allocate the transaction price to each of the separate performance obligations, and
- v. Recognize the revenue as each performance obligation is satisfied.

Sale of Goods

Revenue from sale of goods is recognized when the significant risk and rewards of ownership of the goods have been passed to the buyer which generally coincides with delivery of goods, as per the contractual terms with customers. Revenue is measured at the fair value of the consideration received or receivable for the sale of goods in the ordinary course of Group's activities. Revenue is shown net of GST, returns, sales incentives and discounts.

The group has concluded that the Group is principal in all of its revenue arrangements since the Group is the primary obligor in all the revenue arrangements as the Group has pricing latitude and is also exposed to inventory and credit risks.

The Group accounts for volume discount for pricing incentives to customers as a reduction of revenue based on estimate of applicable discount/incentives.

Sale of Services

Revenue from sales of services is from installation of third party mobile applications in the handset and is recognized by reference to the stage of completion, net of GST. Stage of completion is measured by reference to services performed to date as a percentage of total services to be performed.

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the EIR. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividend Income

Dividend Income is recognized when the Group's right to receive the amount has been established.

Incentive Income

Group has recognized incentive income in form of Merchant export incentive income (MEIS), Duty drawback income based on export made.

Disaggregation of Revenue

See Note 28 (Segment Reporting) to Consolidated Financial Statements for our disaggregated revenues.

Trade Receivables

A receivable represents the Group's right to an amount of consideration that is unconditional.

(I) Foreign currencies

(i) Functional and presentation currency

Items included in the financial statements of the Group are measured using the respective currency of the primary economic environment in which the entity in Group operates i.e. the "functional currency". These financial statements are presented in Indian rupees, which is also the functional currency of the parent. For each entity the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency.

(ii) Transactions and balances

Transactions in foreign currencies are initially recorded by the Group's entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the group uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognized in profit or loss with the exception of the following:

- Exchange differences arising on monetary items that forms part of a reporting entity's net investment in a foreign operation are recognized in profit or loss in the separate financial statements of the reporting entity or the individual financial statements of the foreign operation, as appropriate. In the financial statements that include the foreign operation and the reporting entity (e.g., consolidated financial statements when the foreign operation is a subsidiary), such exchange differences are recognized initially in OCI. These exchange differences are reclassified from equity to profit or loss on disposal of the net investment.
- Tax charges and credits attributable to exchange differences on those monetary items are also recorded in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

On consolidation, the assets and liabilities of foreign operations are translated into INR at the rate of exchange prevailing at the reporting date and their statements of profit or loss are translated at yearly average exchange rates. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognized in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognized in profit or loss.

(m) Income taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in India.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

Current income tax relating to items recognized outside statement of profit and loss is recognized either in other comprehensive income or in equity. Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred income tax

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements as at reporting date. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests

in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognized outside statement of profit and loss is recognized either in other comprehensive income or in equity. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

(n) Employee benefits

The Group's employee benefits mainly include wages, salaries, bonuses, defined contribution plans, defined benefits plans, compensated absences, deferred compensation and share-based payments. The employee benefits are recognized in the year in which the associated services are rendered by the Group employees. Short-term employee benefits are recognized in Statement of Profit and Loss at undiscounted amounts during the period in which the related services are rendered.

Defined Contribution plans

The contributions to defined contribution plans are recognized in profit or loss as and when the services are rendered by employees. The Group has no further obligations under these plans beyond its periodic contributions.

Defined benefits plans

In accordance with the local laws and regulations, all the employees in India are entitled for the Gratuity plan. The said plan requires a lump-sum payment to eligible employees (meeting the required vesting service condition) at retirement or termination of employment, based on a pre-defined formula.

The Group provides for the liability towards the said plans on the basis of actuarial valuation carried out as at the reporting date, by an independent qualified actuary using the projected unit credit method.

The obligation towards the said benefits is recognised in the consolidated financial statement, at the present value of the defined benefits obligations. The present value of the said obligation is determined by discounting the estimated future cash outflows, using interest rates of government bonds.

The interest expenses are calculated by applying the above mentioned discount rate to defined benefits obligations. The interest expenses on the defined benefits obligations are recognized in the Statement of Profit and Loss. However, the related re-measurements of the defined benefits obligations are recognized directly in the other comprehensive income in the period in which they arise. The said re-measurements comprise of actuarial gains and losses (arising from experience adjustments and changes in actuarial assumptions). Re-measurements are not re-classified to the Statement of Profit and Loss in any of the subsequent periods.

Other short-term employee benefits

The Group provides for the liability towards the compensated absences benefits on the basis of actuarial valuation carried out as at the reporting date, by an independent qualified actuary using the projected-unit-credit method. The related re-measurements are recognized in the Statement of Profit and Loss in the period in which they arise.

Share based payments

Employees (including senior executives) of the Group may also receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

Equity-settled transactions

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using Black Scholes Option Pricing Model.

That cost is recognised, together with a corresponding increase in share-based payment reserves in equity, over the period in which the service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

Service conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest.

No expense is recognised for awards that do not ultimately vest because service conditions have not been met.

Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

(o) Provisions and Contingent Liabilities

Provisions

General

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Warranty provisions

Provisions for warranty-related costs are recognized when the product is sold or service provided to the customer. Initial recognition is based on historical experience. The initial estimate of warranty-related costs is revised annually.

Decommissioning liability

The Group records a provision for decommissioning costs of a leased facility. Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognized as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is expensed as incurred and recognized in the statement of profit and loss as a finance cost. The estimated future costs of decommissioning are reviewed

annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the consolidated financial statements.

(p) Earnings per share

Basic EPS amounts are calculated by dividing the profit or loss for the year attributable to equity holders of the Holding Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit or loss attributable to equity holders of the Holding Company (after adjusting the corresponding income/charge for dilutive potential equity shares) by the weighted average number of equity shares outstanding during the year, plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

(q) Operating Segment

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). Only those business activities are identified as operating segment for which the operating results are regularly reviewed by the CODM to make decisions about resource allocation and performance measurement.

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group as a whole.

(r) Borrowing costs

Borrowing costs to the extent directly attributable to the acquisition/construction of assets that necessarily take substantial period of time to get ready for their intended use are capitalised along with the respective property, plant and equipment up to the date such asset is ready for use. Other borrowing costs are charged to the statement of profit and loss.

(s) Cash and cash equivalents

Cash and cash equivalent in the balance sheet and for the purpose of statement of cash flows comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. These do not include bank balances earmarked/restricted for specific purposes.

(t) Exceptional Items

Exceptional items are transactions which due to their size or incidence are separately disclosed to enable a full understanding of the Group's financial performance. Items which may be considered exceptional are significant restructuring charges, gains or losses on disposal of investments of subsidiaries, associate and joint ventures and impairment losses/write down in the value of investment in subsidiaries, associates and joint ventures and significant disposal of fixed assets.

(u) Measurement of Earnings before Interest ,tax, depreciation and amortization (EBITDA)

Ind AS compliant Schedule III allows line items, sub-line items and sub-totals to be presented as an addition or substitution on the face of the financial statements when such presentation is relevant to an understanding of the Group's financial position /performance.

Accordingly, the Group has elected to present earnings before net finance cost, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The Group measures EBITDA on the basis of profit/ (loss) from continuing operations. In its measurement, the Group does not include depreciation and amortization expense, interest income, finance costs, and tax expense.

(v) Business Combination

Business Combinations are accounted for using the acquisition method of accounting. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities assumed at their acquisition date i.e. the date on which control is acquired. Contingent consideration to be transferred is recognized at fair value and included as part of cost of acquisition. Transaction related costs are expensed in the period in which the costs are incurred. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets.

(w) Treasury Shares

The group has created a Lava Welfare Trust ('the trust') for providing share-based payment to its employees. The group uses the trust as a vehicle for distributing shares to employees under the employee remuneration schemes. The trust buys Company's shares from the employees of the Company as per the employee remuneration schemes. The group treats the trust as its extension and shares held by the trust are treated as treasury shares.

Own equity instruments that are reacquired (treasury shares) are recognized at cost and deducted from total equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognized in general reserve. Share options exercised during the reporting period are settled with treasury shares.

(x) Recent Accounting Pronouncements

On 23rd March 2022, the Ministry of Corporate Affairs ("MCA") had notified the Companies (Indian Accounting Standards) Rules, 2022 which will come into force from 1st April 2022. In the rule, MCA has notified new standards and/or amendments to the existing standards. The company is evaluating and assessing the impact of the amended rules on the Financial Statements

(b) Terms/ rights attached to equity shares

The Holding Company has only one class of equity shares having a par value of Rs. 5 per share (31 March 2022: Rs. 5 per share). Each holder of equity shares is entitled to one vote per share and dividends in proportion to their shareholding. In the event of liquidation of the Holding Company, the holders of equity shares will be entitled to receive residual assets of the Holding Company after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

Terms/ rights attached to Compulsory Convertible Preference Shares (CCPS)

- i. During financial year 2017-18, the Holding Company has issued 500,000 Compulsory Convertible Preference Shares (CCPS) of Rs.100 each. The preference shares shall collectively be entitled to dividend of 0.0001% of the aggregate face value of the preference shares. As per the terms of Subscription and Shareholders Agreement, the preference shares may be converted, at any time at the discretion of the CCPS holder, into fixed number of equity shares, further If any of the preference shares have not been converted into equity shares within 19 years and 11 months, remaining preference shares shall be automatically and compulsorily converted into equity shares upon the expiry of such period.

Pursuant to approval of board of directors of the Holding Company in the meeting held on 9th Aug, 2021, 175,828 CCPS were converted into 1,528,834 Equity Shares of Rs. 10 each at the premium of Rs. 1.5 per Share.

- ii. During financial year 2017-18, the Holding Company had issued 100,000 CCPS of Rs. 10 each for a consideration of Rs. 520.00 million. The CCPS shall carry a coupon of 0.0001% and shall be non-cumulative in nature, which is to be declared at the discretion of the shareholder of the Group. The preference shares may be converted into the equity shares at any time at the discretion of the CCPS holder, subject to the terms of the agreement. If, any of the preference shares have not been converted to equity shares within 10 years from the allotment date, then such remaining preference shares shall be compulsorily converted into equity shares upon the expiry of such period.

In response of the exercise the option available, the Holding Company has to issue 53,68,832 equity shares against 1,00,000 CCPS.

Lava International Limited**Notes to consolidated financial statements for the year ended 31 March 2023***(All amounts in Indian Rupees million, unless otherwise stated)***23 Earnings per share (EPS)**

The following reflects the profit and share data used in the basic and diluted EPS computation:

	For the year ended 31 March 2023	For the year ended 31 March 2022
Nominal value of equity shares	5	5
Profit attributable to owners of Holding Company for computing basic and dilutive EPS (A)	880.44	1,869.19
Weighted average number of equity shares for calculating basic EPS		
Weighted average number of equity shares outstanding during the year for computing Basic EPS (B)*	541,126,216	527,934,041
Dilutive effect of share based payments on weighted average number of equity shares outstanding during the year	30,955,614	30,888,097
Dilutive effect of compulsory convertible preference shares on weighted average number of equity shares outstanding during the year	16,643,640	16,643,640
Weighted average number of equity shares outstanding during the year for computing Diluted EPS (C)*	588,725,470	575,465,778
Basic earning per share (A/B)	1.63	3.54
Diluted earning per share (A/C)	1.50	3.25

During the current financial year, 1,201,872 number of options issued for share based payment were excluded from the calculation of diluted weighted average number of equity shares as their effect would have been anti-dilutive.

*(This space has been intentionally left blank)*

24 Fair value measurement

a) The carrying value and fair value of financial instruments by categories are as under:

	Notes	31 March 2023			31 March 2022		
		FVTPL	FVTOCI	Amortised Cost	FVTPL	FVTOCI	Amortised Cost
Assets							
Non-current assets							
Financial assets							
Investments	6 (a)	-	987.31	-	-	695.15	-
Other financial assets	6 (f)	-	-	130.93	-	-	87.23
		-	987.31	130.93	-	695.15	87.23
Current assets

		1.29	-	10,241.44	-	-	9,279.94

The fair values of trade receivables, cash and cash equivalents, other current financial asset, trade payables and other current financial liabilities are considered to be same as their carrying values due to their short term nature.

The carrying amounts of other items carried at amortised cost are reasonable approximation of their fair values on respective reporting date.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

(This space has been intentionally left blank)

24 (b) Fair value hierarchy and valuation techniques used to determine fair values:

To provide an indication about the reliability of inputs used in determining fair value, the Group has classified its financial instrument into three levels prescribed under the accounting standard. The following table provides the fair value measurement hierarchy of the Group's assets and liabilities.

Quantitative disclosures of fair value measurement hierarchy for assets and liabilities are as follows :

At 31 March 2023	Fair value measurement using			Total
	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	
Assets measured at FVTPL				
Investment in mutual funds	28.73	-	-	28.73
Assets measured at FVTPL				
Derivative liability	-	1.29	-	1.29
Assets measured at FVTOCI				
Investment in equity instruments	-	-	987.31	987.31
At 31 March 2022	Fair value measurement using			Total
	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	
Assets measured at FVTPL				
Investment in mutual funds	-	-	-	-
Assets measured at FVTPL				
Derivative asset	-	0.67	-	0.67
Assets measured at FVTOCI				
Investment in equity instruments*	-	-	695.15	695.15

* Investment in Abhriya Pte. Ltd. has been valued at zero value i.e. at fair value and it has been shown in other reserve amounting to Rs 7.69 million in Reserve and surplus.

- There were no transfers between the Level 1, Level 2 and Level 3 during the years presented.
- There is no change in the valuation technique during the period.

Valuation techniques used to derive Level 1 fair values

The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

Valuation techniques used to derive Level 2 fair values

Derivative asset/ liability representing forward foreign exchange contracts have been fair valued using dealer/counter party quotes at balance sheet date.

Valuation techniques used to derive Level 3 fair values

Inputs for the assets or liabilities that are not based on observable market data. A one percent change in the unobservable inputs used in fair valuation of Level 3 assets doesn't have a significant impact in its value.

(This space has been intentionally left blank)

25 Capital management

The Group's objectives while managing capital are to safeguard its ability to continue as a going concern and to provide adequate returns for its shareholders and benefits for other stakeholders. The Group's policy is generally to optimise borrowings at an operating Group level within an acceptable level of debt. The Group's policy is to borrow using a mixture of long-term and short-term debts together with cash generated to meet anticipated funding requirements.

The Group monitors capital using a gearing ratio, which is calculated as underlying net debt divided by total capital plus underlying net debt. The Group's policy is to keep the gearing ratio below 40%. The Group measures its underlying net debt as total debt reduced by cash and cash equivalents. The Group monitors compliance with its debt covenants. The Group has complied with all debt covenants at all reporting dates.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2023 and 31 March 2022.

Particulars	31 March 2023	31 March 2022
Borrowings	3,058.40	3,224.16
Less: Cash and cash equivalents	(963.59)	(930.69)
Net debt (a)	2,094.81	2,293.47
Equity	14,065.71	22,906.64
Total capital (b)	14,065.71	22,906.64
Capital and net debt (a) + (b) = (c)	16,160.52	25,200.10
Gearing ratio (%) (a) / (c)	12.96%	9.10%

(This space has been intentionally left blank)

26 Financial risk management objectives and policies

The Group's principal financial liabilities, other than derivatives, comprise loans and overdrafts, and trade payables. The main purpose of these financial liabilities is to raise finance for the Group's operations. The Group has various financial assets such as trade receivables, cash, and short-term deposits, which arise directly from its operations. The Group also holds mutual fund investments and enters into derivative transactions.

The main risks arising from the Group's financial instruments are price risk, interest rate risk, liquidity risk, foreign currency risk, and credit risk.

The Board of Directors review and agree policies for managing each of these risks which are summarised below:

Price risk

The Group is mainly exposed to the price risk due to its investment in equity instruments and mutual funds. The price risk arises due to uncertainties about the future market values of these investments. In order to manage its price risk arising from investments in mutual funds, the Group diversifies its portfolio in accordance with the limits set by the risk management policies. The Group does not have significant investment in equity instruments.

Set out below is the impact of a 1% movement in the NAV of mutual funds on the Group's profit before tax:

Particulars	31 March 2023	31 March 2022
Effect on profit before tax:		
NAV increase by 100 bps	0.29	-
NAV decrease by 100 bps	(0.29)	-

Interest rate risk

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's borrowings with floating interest rates. The Group's policy is to manage its interest cost using a mix of fixed, floating rate borrowings.

The following table provides a breakdown of the Group's fixed and floating rate borrowings:

Particulars	31 March 2023	31 March 2022
Fixed rate borrowings	259.23	621.67
Floating rate borrowings	2,799.17	2,602.49
Total	3,058.40	3,224.16

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, being a 0.5% increase or decrease in interest rate, with all other variables held constant, of the Group's profit before tax due to the impact on floating rate borrowings.

Particulars	31 March 2023	31 March 2022
Effect on profit before tax:		
Interest rates- decrease by 50 bps	14.00	13.01
Interest rates- increase by 50 bps	(14.00)	(13.01)

Credit risk

The Group is also exposed to credit risk from trade receivables, term deposits, liquid investments and other financial instruments.

(i) Customer credit risk is managed by the Group established policy, procedures and control relating to customer credit risk management. All customers are subject to credit verification procedures. In addition, receivable balances are monitored on an on-going basis. The Group is exposed to credit risk in the event of non-payment by customers. An impairment analysis is performed at each reporting date by grouping the receivables in homogeneous group. Trade receivables are non-interest bearing and are generally on original credit terms of 30 to 180 days depending upon category and nature of customers. Considering the request of certain distributors for becoming more competitive under the current market scenario and to enhance the overall market share, the management has decided to extend the credit terms on case-to-case basis to its distributors which shall be helpful to penetrate the potential opportunities of enhancing the overall market share. For this purpose, the management has done credit evaluation on the distributors based on their business relationships with the Group and the market credibility as well as established a mechanism of monitoring the availability and marketability of inventory levels lying with the retailer network.

The management regularly follows up to recover the outstanding amount and evaluates recoveries at the end of every reporting period. To comply with the requirement of Ind AS 109 - Financial Instruments, the company has created total expected credit loss (ECL) as on 31 March 2023 of Rs. 8,677.88 million (31 March 2022: Rs. 1,033.00 million). As it was impracticable to ascertain the ECL for each of respective earlier financial year, therefore, Rs. 7,644.88 million in compliance with the requirements of para 44 of Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors, has been adjusted to the retained earnings.

(ii) The credit risk for cash and cash equivalents, other bank balances, term deposits, etc. is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

Ageing based on original credit terms but after allowance for credit loss as follows:

Particulars	31 March 2023	31 March 2022
0-180 days	6,372.95	7,365.65
180-365 days	1,008.93	62.56
1 year plus	0.00	5,492.95
Total	7,381.88	12,921.16

The Group has provisions of Rs. 31.99 million (31 March 2022 : Rs. 42.50 million) for doubtful debts. None of those trade debtors past due or impaired have had their terms renegotiated. The maximum exposure to credit risk at the reporting date is the fair value of The Group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets.

Liquidity risk

The Group monitor their risk of shortage of funds using cash flow forecasting models. These models consider the maturity of their financial investments, committed funding and projected cash flows from operations.

The Group's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner. A balance between continuity of funding and flexibility is maintained through the use of bank borrowings. The Group also monitors compliance with its debt covenants. The maturity profile of the Group's financial liabilities based on contractual undiscounted payments is given in the table below:

	<1yr	1-5 yrs	>5 yrs	Total
As at 31 March 2023				
Borrowings (including interest accrued)	2,834.66	229.82	-	3,064.48
Lease liabilities	38.40	109.47	-	147.87
Trade payables	5,862.91	-	-	5,862.91

27 Post-employment benefits plan

Defined Contribution Plan

The Holding Company has recognised Rs. 57.27 millions (31 March 2022 : Rs. 50.96 millions) related to employer's contribution to provident fund and employees' state insurance fund as an expense in the statement of profit and loss.

Defined Benefit Plan

The Holding Company has unfunded defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service.

The following table summarizes the components of net benefit expense recognized in the statement of profit and loss for gratuity plan and amounts recognized in the balance sheet in respect of same.

Statement of profit and loss :

Net employee benefit expense recognized in the employee cost

	31 March 2023	31 March 2022
Current service cost	13.68	12.35
Interest cost on benefit obligation	5.22	4.14
Net benefit expense	18.90	16.49

Balance sheet :

Benefit asset/liability

	31 March 2023	31 March 2022
Present value of defined benefit obligation	(82.95)	(75.95)
Net asset/(liability) recognised in balance sheet	(82.95)	(75.95)

Changes in the present value of the defined benefit obligation are as follows:

	31 March 2023	31 March 2022
Opening defined benefit obligation	75.95	66.07
Current service cost	13.68	12.35
Interest cost	5.22	4.14
Total amount recognised in profit & loss	18.90	16.49
Re-measurement (gains)/losses of defined benefit plan :		
- Due to changes in financial assumptions	(2.96)	(0.85)
- Due to experience adjustment	1.25	0.93
Total amount recognised in other comprehensive income	(1.71)	0.07
Benefits paid	(10.19)	(6.68)
Closing defined benefit obligation	82.95	75.95

The principal assumptions used in determining gratuity benefits are as below:

	31 March 2023	31 March 2022
Discount rate	7.10%	5.90%
Employee turnover	30.00%	30.00%
Salary Escalation Rate	7.00%	7.00%
Mortality Rates	IAL2012-14Ult	IAL2012-14Ult

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The average duration of the defined benefit plan obligation at the end of the reporting period is 4.78 years (31 March 2022: 4.24 years)

Lava International Limited**Notes to consolidated financial statements for the year ended 31 March 2023***(All amounts in Indian Rupees million, unless otherwise stated)***Amounts for the current and previous four years are as follows:**

Particulars	31 March 2023	31 March 2022	31 March 2021	31 March 2020	31 March 2019
Gratuity					
Defined benefit obligation	82.95	75.95	66.07	56.29	54.45
Experience adjustments on liabilities gain / (loss)	(1.25)	(0.93)	(0.55)	1.38	18.66

Sensitivity Analysis:

A quantitative sensitivity analysis for significant assumption is as shown below:

	31 March 2023	31 March 2022
Projected benefit obligation on current assumptions	82.95	75.95
Delta effect of +1 % change in discount rate	(2.16)	(2.10)
Delta effect of -1 % change in discount rate	2.30	2.24
Delta effect of +1 % change in salary escalation rate	2.51	2.40
Delta effect of -1 % Change in salary escalation rate	(2.40)	(2.30)
Delta effect of +10 % change in rate of employee turnover	(0.80)	(1.08)
Delta effect of -10 % change in rate of employee turnover	0.85	1.18

Lava International Limited**Notes to consolidated financial statements for the year ended 31 March 2023***(All amounts in Indian Rupees million, unless otherwise stated)***Foreign currency risk**

The Group is exposed to foreign currency in the normal course of business. The Group has transactional currency exposures arising from sales or purchases by an operating unit in currencies other than the unit's functional currency. Accordingly, the Group's financial state of affairs can be affected significantly by movements in the US dollar & other currencies exchange rates. The Group enters into derivative transactions, primarily in the nature of forward foreign exchange contracts on import payables. The purpose is to manage currency risks arising from the Group's operations.

The carrying amounts of the Group's financial assets and liabilities denominated in different currencies are as follows:

Particulars	31 March 2023		31 March 2022	
	Financial assets	Financial liabilities	Financial assets	Financial liabilities
United States Dollar (USD)	111.80	72.10	99.81	69.78
Hong Kong dollar (HKD)	36.69	1.00	34.14	1.13
AED	44.40	0.50	85.13	17.46
Others	0.28	0.06	0.37	0.05

The Group's exposure to foreign currency arises in part where a Group holds financial assets and liabilities denominated in a currency different from the functional currency of that entity with USD being the major non-functional currency of the Group's main operating subsidiaries. Set out below is the impact of a 10% movement in the foreign currency on profit before tax arising as a result of the revaluation of the Group's foreign currency financial assets and unhedged liabilities :

Particulars	31 March 2023	31 March 2022
Effect of 10% strengthening of INR against following on profit before tax:		
USD	(3.97)	(3.00)
HKD	(3.57)	(3.30)
AED	(4.39)	(6.77)
Others	(0.02)	(0.03)
Effect of 10% weakening of INR against following on profit before tax:		
USD	3.97	3.00
HKD	3.57	3.30
AED	4.39	6.77
Others	0.02	0.03

The Group enters into forward/future contracts to mitigate the risk arising from fluctuations in foreign exchange rates to cover foreign currency payments. The Group has taken forwards contract of the following amount to hedge against currency risk against movement in INR/US dollar. The contract as on year end are as follows :

Particulars	31 March 2023	31 March 2022
Amount in INR	843.51	902.45

(This space has been intentionally left blank)

28 Segment information

Ind AS 108 "Operating Segments" establishes standards for the way the companies report information about operating segments and related disclosures about products and services, geographic areas, and major customers. The Group's operations relate to sales of mobile handsets & accessories through the distributors and retailers network. The Chief Operating Decision Maker (CODM) evaluates the Group's performance and allocate resources based on analysis of various performance indicators pertaining to business as a single segment. Accordingly, for the purpose of entity wide disclosures, only geographical information has been presented. Business segment of the Group is primarily sale of mobile handsets.

Geographical information on revenues are collated based on individual customers invoiced or in relation to which revenue is otherwise recognized.

Geographical information:

The following table presents geographical information regarding the Group's revenue as defined in Ind AS 108 :

Particulars	For the year ended 31 Mar 2023	For the year ended 31 March 2022
India	21,641.90	17,060.87
UAE	23,634.12	28,821.76
Hong Kong	3,545.37	9,476.86
Others	5,614.60	3,416.96
Total	54,435.99	58,776.45

The following table presents geographical information regarding the Group's non current assets as defined in Ind AS 108 :

Particulars	For the year ended 31 Mar 2023	For the year ended 31 March 2022
India	1,159.92	1,063.29
Hong Kong	0.00	346.28
Others	2,585.75	3,734.31
Total	3,745.67	5,143.88

	2,161.37	1,291.91

(a) Sales tax and custom

- (i) The Hon'ble Supreme Court of India vide its order dated 17 December 2014 in the case of State of Punjab Vs. Nokia India Pvt. Limited, has held that the mobile charger contained in the mobile phone retail pack is an independent part and shall be separately charged to VAT at the rate as applicable to the chargers. The appellant has already approached the Hon'ble Supreme Court in a review petition challenging the judgment. In view of this judgment, the VAT Authorities of various states have raised demands along with interest and penalties aggregating to Rs. 110.06 million (31 March 2022: Rs. 115.46 million) The Holding company has filed appeal against these demands. Amount paid under protest against demands amounting to Rs. 39.75 million (31 March 2022: Rs. 46.50 million) have been disclosed under balance with statutory/government authorities in other assets.

Based on the legal assessment, management believes that the possibility of materializing sales tax demands is low. Accordingly, no provision is made in the financial statements for such demands.

- (ii) Sales tax demands received of Rs 30.70 million (31 March 2022: Rs. 28.82 million) (amount paid under protest of Rs. 6.19 million (31 March 2022: Rs. 7.66 million)) (out of which Rs. 1.86 million (31 March 2022: Rs. 3.45 million) is pending for refund from department as the cases had been disposed off in favour of the company) from various sales tax authorities for which the management believes that the possibility of materializing the demand is remote.
- (iii) Sales tax demands received of Rs 283.70 million (31 March 2022: Rs. 283.70 million) (amount paid under protest of Rs 70.93 million (31 March 2022: 70.93 million) classifying mobile phone under residuary entry under schedule- V, whereas as per lawyer's opinion product is well covered in specific entry 39 under schedule -IV for which management also believes that the possibility of materializing the sales tax demand is low. Accordingly, no provision is made in the financial statements for such demands.
- (iv) As per Custom Dept. "Camera Module for mobile phone" is neither similar nor identical with "Digital Still image video cameras" and thus the items "Camera Module for mobile phone" is totally different from "Digital still image video cameras, hence availed exemption is not eligible to company.

According to the Company, the company have rightly claimed exemption from the payment of Social Welfare Surcharge vide notification No 11/2018 CT under SR No 30 dated 02.02.2018 which exempts "Digital Still Image video cameras" falling under the Heading 8525 8020, considering camera module & digital still image video cameras serving the same purpose which is capturing the image and stored in data bank. Therefore, the Company have done no mistake by claiming exemption under above said notification. The period in which the Company had claimed this exemption is 2nd Feb 2018 to 31st Jul 2019. Total amount involved is Rs. 23.71 million (31 March 2023: 23.71 million). Against the order passed by Commissioner, the Company have filed an appeal before the CESTAT Delhi & deposited Rs. 1.56 million (31 March 2023: 1.56 million) of above amount for filing the appeal as prescribed under law. As per the consultant, the Company have a good case to argue and justify the claim.

(v) Search was conducted by Directorate of Revenue Intelligence (DRI) at Holding company's premises on February 09, 2022. During investigation, questions were raised on interpretation issue for classification on imported display assembly. To avoid unnecessary business interruption, the Holding company had decided to make a deposit of Rs.40 million under protest. The Holding company has not received any show cause notice or demand from the Department. The management is of the opinion that the Holding company is in compliance of law and the Holding company has strong chances of success against any dispute/demand and no liability will arise.

(b) Goods and Service tax

(i) GST Tax demands received of Nil (31 March 2022: Rs 9.70 million) (amount paid under protest of Rs. Nil (31 March 2022: Nil)) on account of less ITC Reversal u/s 42/43 of CGST Act, the Holding company had replied against the notice. We have submitted letter on April 05, 2022 with GST dept., Noida for clearance of this matter and same has been settled in our favour.

(ii) During the review of transactions of certain third parties, the Directorate General of Goods and Service Tax (DGGI), has identified certain sale and purchase transactions which was executed by the Holding company with those parties. Based on that, the Department has issued a show cause notice dated July 30, 2022 to the Holding company for the reversal of Input Tax Credit of Rs. 920 million (amount paid under protest of Rs. 20 million (31st March 2022: Nil)) related to earlier years. The Holding company has filed interim reply on June 21, 2023 before the aforementioned adjudicating authority. Management has obtained a legal opinion from the lawyers and based on such assessment, the Holding company does not expect any financial exposure and believe that it has a strong case and accordingly, no such reversal of Input Tax Credit will be required. Accordingly, no penalty, if any, will also be leviable as per the assessment of the management.

Further, out of transactions of certain third parties under review of DGGI, show cause notice has been issued by GST department, Delhi of Rs. 602.69 million on dated December 11, 2023 and Rs. 341.85 million (out of Rs. 371.14 million) on dated September 23, 2023 along with penalty in relation to certain transactions with few parties. The Company has filed the reply against the show cause notices and conclusion pending for completion. As matter pending before DGGI and GST department, Delhi are for the same transactions, hence, it should be assessed by the single authority. Management has obtained a legal opinion from the lawyers and based on such assessment, the Company does not expect any financial exposure and believe that it has a strong case and accordingly, no such reversal of Input Tax Credit will be required. Accordingly, no penalty, if any, will also be leviable as per the assessment of the management.

(c) Others

(i) The Holding company has filed a civil suit against Telefonaktiebolaget LM Ericsson ('Ericsson') before the Hon'ble District Court, Gautam Budh Nagar in the month of January 2015 in relation to alleged standard essential Patents of Ericsson. M/s Telefonaktiebolaget LM Ericsson ('Ericsson') filed a counter suit alleging infringement of it's alleged patents against the Holding company in the month of March 2015. Since then, both the suits have been transferred/clubbed before the Hon'ble Delhi High Court and are pending final adjudication.

Hon'ble High Court, Delhi vide its order dated June 22, 2016 has passed an interim order wherein the Holding company was enjoined from manufacturing, importing, selling its devices, subject to the condition of deposit of Rs. 300 million (as modified in appeal) with the Registrar General of Delhi High Court. The Holding company has complied with the said order and deposited a sum of Rs. 300 million, as a result of which, the operation of Interim Order was stayed till the final disposal of the main suit. The single bench of the Delhi high court has passed the order dated 28.03.2024 allowing the suit of Ericsson by awarding Rs. 2,440 million as damages towards infringement of patents as claimed by Ericsson. Subsequently, the Holding company has challenged the order dtd 28.03.2024 in appeal before the division bench of Delhi High court on 07.05.2024. the grounds of appeal includes damages on account of expired patents, miscalculation of damages/interest, patents are in nature of algorithm hence not patentable and claimable and other legal grounds. Further, in response to the appeal filed by the Holding company, the Court had directed both the parties to settle the issue/dispute in accordance with the settlement agreement executed between the Ericsson and some other party for which the court has fixed the date of hearing on 18th July 2024. Based on legal advise and management's assessment thereof, the Holding company does not expect any financial exposure upon final settlement and accordingly no provision has been made in the financial statement of the Holding company.

(ii) On July 1, 2017, Research and Collaboration Agreement ('RCA') was executed between the Holding company, Mintellektuals LLP and Nokia Technologies as a confirming party. Under the RCA, the parties were to explore and work towards the possibility of technical and research collaborations between Mintellektuals/Nokia and the Holding company.

The Holding company made payments to Mintellektuals LLP under the RCA, with a view to receive the Research and Collaboration deliverables envisaged under the Agreement. The parties also agreed not to challenge/assert any legal rights in relation to Technically Necessary Patents, if any, used/practiced during the term of this agreement. The payments in question were being made by the Holding company in lieu of the executory consideration/promise/obligation of Mintellektuals/Nokia to enable and assist research and collaboration in terms of the RCA and no technically necessary patents were used/practiced.

Consequently, the Holding company declared the RCA to be frustrated as there was no consideration in its favour and consequently stopped making payments to Mintellektuals. As a result of this dispute, Mintellektuals initiated arbitration proceedings for recovery of amounts for the 4th and 5th quarter under the RCA, which was denied by the Holding company along with seeking refund of the amounts paid for the first three quarters under the RCA ("First Arbitration"). In relation to the First Arbitration, an award dated July 15, 2020 had been passed in which the Holding company liable to pay approximately Rs. 240 million. The Holding company has challenged the award of the First Arbitration before the Hon'ble High Court of Delhi, which is admitted and pending final adjudication. Without prejudice to its challenge to the award, the Holding company has already paid Rs. 271.03 millions (including TDS net of GST) and submitted bank guarantee of Rs 119.50 millions with the Registrar General, Delhi High Court. Basis the Holding company's management assessment and supported by independent legal opinion from the legal counsel of the Holding company, subject to the pending challenge, the entire amount paid by the Holding company under this agreement to Mintellektuals is fully recoverable on legal grounds in favour of the Holding company.

Mintellektuals had initiated another arbitration proceeding to claim amount allegedly due to it for the 6th quarter onwards ("Second Arbitration"), which is pending at the arbitral tribunal and no amount have been adjudicated as yet on the claims raised by Mintellektuals. Without prejudice to the same, the Holding company has deposited the post-dated cheques amounting to Rs. 226.22 millions as a security with the concerned arbitral tribunal. Management has taken legal opinion from the lawyers and as per management's assessment, Holding company has strong case before arbitral tribunal on the ground presented by the Holding company.

- (iii) On November 29, 2017, Share Subscription & Shareholder Agreement ('SSSHA') was executed between the Holding company, Sponsors of the Company and UNIC Memory Technology (HK) Ltd. ('UNIC'). There were certain dispute between the parties for which arbitration proceeding was initiated.

During the arbitration, settlement was arrived between the parties on the basis of which Consent Award dated September 9, 2021 ('the Consent'), was passed by the arbitral tribunal.

In terms of the Consent Award UNIC has approached Delhi High Court which is pending adjudication. The Holding company has evaluated the case and does not foresee any additional liability towards UNIC.

- (iv) The Dolby had claimed ownership of a portfolio of 7 patents, these patents cover standardized technology for Advanced Audio Coding (AAC) and Unified Speech and Audio Coding (USAC). The Dolby assert that the Holding company has been in discussions for the lawful use of these patents since 2018 but has delayed concluding an agreement, characterizing them as an unwilling licensee. Accordingly, Dolby had filed a suit on 30 April 2024 against the Holding company before the Delhi High Court, the Holding company is in the process filling reply before the court in this case. Based on legal advise and management's assessment thereof, the Holding company does not expect any financial exposure and accordingly no provision has been made in the financial statement of the Holding company.

Lava International Limited

Notes to consolidated financial statements for the year ended 31 March 2023

(All amounts in Indian Rupees million, unless otherwise stated)

- 34 Import of mobile phones only attracts Special Duty of Customs in lieu of Excise (CVD) which is equivalent to excise duty applicable on like goods as if manufactured or produced in India. Accordingly, mobile phones manufactured in India are subject to excise duty at the rate of 13.5% (including NCCD of 1%) if Cenvat Credit on inputs and capital goods is availed (rate of duty was 7.21% (including NCCD of 1%) till 28 February 2015) and 2% (including NCCD of 1%) if such Cenvat Credit on inputs and capital goods is not availed.

This has been further clarified by the Hon'ble Supreme Court of India in the similar cases by ruling that the benefit of exemption / concessional rate of excise duty, which is subject to a condition that no Cenvat credit on inputs or capital goods used in the manufacture of such goods shall be taken, is also available to the importers of like goods for payment of CVD under Customs.

During the financial years 2014 -2015 and 2015 - 2016, the Holding Company was clearing the imported mobile phones by paying CVD of customs at higher rate of 7.21% before March 01, 2015 and 13.50% from March 01, 2015 instead of 2% during respective periods. The Company got re-assessed bills of entries amounting to Rs 638.47 million during the financial year 2017-18 Post clarification issued by the Hon'ble Supreme Court in M/s SRF case discussed above, and after re-assessment of bills of entries, the above said CVD amount became fully recoverable. Accordingly, the Holding Company has claimed refund as per the Customs Act 1962.

As at 31st March 2023, total amount recoverable amounting to Rs. 315.37 million (31 March 2022: Rs. 315.37 million) (including recoverable charges for delayed payment amounting to Rs. 251.54 million (31 March 2022: Rs. 251.54 million)) was recorded, has been disclosed under "Balance with statutory/government authorities" based on legal opinion obtained.

The above regrouping does not have material impact on the financial statements.

40 Business Combination

Pursuant to the Share Swap Agreement dated August 4, 2021 entered into amongst the Company, China Bird Centroamerica S.A., Clipper Global S.A., shareholders of Clipper Global S.A. and shareholders of the Company, the Company purchased 15,000 equity shares aggregating to 100% of the issued and paid-up share capital of China Bird Centroamerica S.A., on a fully diluted basis, from the Clipper Global S.A. for a consideration of USD 50.54 million.

On 16th September 2021, the Holding Company had issued a total of 27,888,492 equity shares at a face value of Rs. 5 each (share premium of Rs. 128.25 each) to Clipper Global S.A., for acquisition of China Bird Centroamerica S.A. with 100% equity stake for a total purchase consideration of Rs. 3,716.14 millions. China Bird Centroamerica S.A. is engaged in the supply of mobile phones and telecommunication equipments.

Particulars	Amount
Purchase consideration paid for equity share	3,716.14
Less: Value of fair value net assets on acquisition date	1,379.92
Surplus arising out of acquisition	2,336.22
Less :- Brand	2,142.19
Less :- Long term customer contacts	65.28
Goodwill arising out of acquisition	128.75

(a) Revenue and profit or loss of the acquiree since the acquisition date included in the consolidated statement of profit and loss of the Group:

Particulars	Amount
Revenue from Operations	3,191.43
Profit before tax	223.20

(b) Details of assets acquired and liabilities recognised at the date of acquisition

Particulars	Amount
Non current assets	
Property, plant & equipment	15.37
Investment in companies	705.01
Prepaid expenses	25.96
Other financial assets	6.61
Current assets	
Inventories	1,569.06
Balance with banks	63.98
Trade receivable	471.51
Other current assets	719.37
Current liabilities	
Borrowings	(1,011.77)
Trade payable	(1,148.29)
Other financial liabilities	(2.10)
Other current liabilities	(34.79)
Fair value of net assets acquired	1,379.92

The determination of the fair value is based on discounted cash flow method. Key assumptions on which the Management has based fair valuation include estimated long-term growth rates, weighted average cost of capital and estimated operating margin.

- (c) The Goodwill arising on business combination is measured at cost at the acquisition date, being the excess of the aggregate of the consideration transferred over the fair value of net identifiable assets acquired and liabilities assumed. After initial recognition, Goodwill is tested for impairment at the reporting date. hence, there is no impairment in the value of the Goodwill.
- 41 The Holding Company has appointed independent consultants for conducting a transfer pricing study to determine whether the transactions with associated enterprises were undertaken at "arm's length price". The management confirms that all international transactions with associate enterprises are undertaken at negotiated contracted prices on usual commercial terms and is confident of there being no adjustments on completion of the study. Adjustments, if any, arising from the transfer pricing study shall be accounted for as and when the study is completed.
- 42 There are certain receivables and payables where the Holding Company intends to set off with each other. For the purpose of presentation in financial statements, such receivables and payables have been presented on net basis. The Group is in process of obtaining the requisite approvals from the appropriate authorities in this regard.
- 43 There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.
- 44 There were no significant adjusting events that occurred subsequent to the reporting period other than the events disclosed in the relevant notes.
- 45 The Group has made provision, as required under the applicable law or accounting standard, for material foreseeable losses, if any and to the extent ascertainable, on long term contracts including derivative contracts.
- 46 The Group does not have any Benami property, where any proceeding has been initiated or pending against the company for holding any Benami property.
- 47 The Group has not been declared wilful defaulter as at the date of the balance sheet or on the date of approval of the financial statements.

Non Adjusting Events subsequent to 31 March, 2023

- 48 In respect of certain transactions of some other companies in prior periods, the Directorate of Enforcement (ED) has investigated and filed the case against the Holding Company and its former Managing Director and the matter is sub-judice. On the basis the available information and as per the legal opinion the Company has a very good case. Accordingly, as on the date of approval of these financial results, the Company has not made any adjustments, disclosures or given any effect to the financial statements.
- 49 The Group have not traded or invested in Crypto currency or Virtual Currency during the financial year.

Lava International Limited

Notes to consolidated financial statements for the year ended 31 March 2023

(All amounts in Indian Rupees million, unless otherwise stated)

- 50 There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.
- 51 The Group is in compliance with the number of layers prescribed under clause (87) of section 2 of the Companies Act, 2013 read with the Companies (Restriction on number of Layers) Rules, 2017 (as amended).
- 52 The Group has no transactions during the year with the companies struck off under Companies Act, 2013 or Companies Act, 1956.
- 53 The Group has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (intermediaries) with the understanding that the intermediary shall:
(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or
(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- 54 The Group has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall:
(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- 55 The Code on Social Security, 2020 ('Code') relating to employee benefits, during employment and post-employment benefits, has received the Presidential assent in September 2020. This Code has been published in the Gazette of India. However, the effective date from which the changes are applicable is yet to be notified and the rules for quantifying the financial impact are also yet to be issued. The Group will evaluate the impact of the Code and will give appropriate impact in the financial statements in the period in which the Code becomes effective and the related rules are published.
